

1.

Trucks are prohibited from using or entering the street or roadway where this sign is displayed.

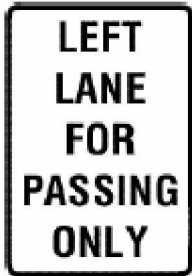

2.

The road or street ahead is for one-way traffic traveling in the opposite direction. You must not drive into it in the direction you are going.

3.

Drive to the right of this sign. This sign is used in advance of islands and medians.

4.

On highways with more than one lane with vehicles traveling in the same direction and this sign is present, slower traffic should travel in a lane other than the farthest left lane. The farthest left lane is for "passing vehicles only".

5.

Oncoming traffic must stop for vehicles turning at an intersection. Vehicles turning at a protected light should use caution.

6.

The center lane of a highway is reserved for the exclusive use of vehicles turning left in either direction and not used for passing or overtaking. The only time a vehicle should enter the center lane is at a point where the vehicle will have time to slow down or stop in order to make a safe left turn maneuver. The center lane should never be used for passing or as a through traffic lane.
